Benefits

- Conforms to OMB Policy mandates for planning, budgeting, acquisition, and management of major IT capital investments
- Reduces the amount of effort agencies spend on market research to find the best solutions to meet their mission requirements
- Enables streamlined ordering procedures that reduce procurement lead times to save time and money for both government and industry
- Includes standardized labor categories (LCATs) with the ability to include non-standardized LCATS
- Includes aggressive small business subcontracting goals to increase participation from small and socio-economically businesses
- Includes Alliant 2 Program Management Office (PMO) support including, Alliant 2 training, complimentary scope reviews, and an Alliant 2 dashboard for analysis
- Allows task orders to be awarded on or before 6/30/2028, with a task order performance up to 6/30/2033

Challenging today.
Reinventing tomorrow.

Scope

Alliant 2 provides all federal agencies with any and all components of an integrated information technology (IT) solution, including new technologies that may emerge during the lifecycle of the acquisition. Alliant 2 leverages Leading Edge Technologies (LETs) and is designed to stay current with the evolving Federal Enterprise Architecture (FEA), providing federal customers with the latest in technology innovations.

Why Jacobs?

At Jacobs, we're challenging today to reinvent tomorrow by solving the world's most critical problems for thriving cities, resilient environments, mission-critical outcomes, operational advancement, scientific discovery and cutting-edge manufacturing, turning abstract ideas into realities that transform the world for good. With \$14 billion in revenue and a talent force of approximately 55,000, Jacobs provides a full spectrum of professional services including consulting, technical, scientific, and project delivery for the government and private sector.

IDIQ Center of Excellence

Jacobs has an established IDIQ Center of Excellence (IDIQ COE) to provide our customers, partners, and clients with expert assistance. Staffed with experienced Program Managers and dedicated support staff with decades of Government and Industry experience, Jacobs' IDIQ COE acts as the single point of contact for our awarded contract vehicles. The IDIQ COE provides best practices, expert acquisition support, business development support, small business outreach, superior tools, and training for the IDIQ portfolio. Our team operates as an enablement center designed to assist Jacobs, our partners, and our Government clients to meet their goals of outstanding program execution through stronger and more impactful engagements.
